IT WORKS. WORK IT...
WE MAKE CREATIVITY WORK FOR MASSACHUSETTS
SOURCES

1 Massachusetts Cultural Data Project (MACDP). The CDP is the national standard for data collection in the arts and cultural sector. The data in CDP are self-reported by the individual organizations. Analysis of the CDP data is based on the “most recent fiscal year data” from Massachusetts CDP. State wide data analysis was performed by ArtsBoston in partnership with the Greater Philadelphia Cultural Alliance. The data analyzed was provided by 490 organizations across Massachusetts.

IT WORKS.
A SMART INVESTMENT DELIVERS RESULTS

GROW THE CREATIVE ECONOMY
BUILD CREATIVE COMMUNITIES
INSPIRE CREATIVE MINDS
EXPAND ACCESS TO ARTS AND CULTURE

WORK IT...
A GREATER INVESTMENT INCREASES RESULTS

TOGETHER WE CAN PUT CREATIVITY TO WORK FOR MASSACHUSETTS.
IT WORKS.

MASSACHUSETTS INVESTS

$12 million in arts and culture through MCC grants to 1,535 organizations, schools, and individuals. The organizations — nearly 500 arts, history, and science nonprofits across the Commonwealth — are powerful engines of our economy:

Each year non-profit organizations spend $1.2 billion directly.¹

They generate $512 million of indirect spending by visitors.

They generate $55 million in revenue for the Commonwealth (e.g. license fees, taxes, etc.) ³

Their audiences’ spending generates another $34 million of state revenue.

They are key engines of Massachusetts’ third largest industry, tourism, representing the majority of the top 25 visitor destinations.⁵

One year after being designated, state Cultural Districts reported an aggregate 15% increase in visitation.

They create 52,000 jobs.⁴

$1.7 B of economic impact² for the state

$89 M back into state coffers

Helps pay for transportation, education, and other public services—a seven to one return on taxpayers investment in MCC.

MASSACHUSETTS CULTURAL DISTRICT

MASSACHUSETTS CULTURAL COUNCIL
WORK IT...

BOOST ECONOMIC IMPACT
of our nonprofit cultural organizations with greater state investment.

50% of organizations surveyed would spend additional funding on:
- SALARIES
- STIPENDS
- MARKETING
- FACILITY UPKEEP

MASSACHUSETTS ranks 42nd in the nation in the average grant it awards to cultural organizations and community projects. Restoring investment in arts and culture would bring Massachusetts up to 20th in the nation.6

ATTRACT MORE VISITORS

THERE ARE 27 MASSACHUSETTS CULTURAL DISTRICTS AND AN ADDITIONAL 45 COMMUNITIES SEEKING DESIGNATION.

WITH FUNDING FOR CULTURAL DISTRICTS, MCC WILL HELP COMMUNITIES ATTRACT VISITORS AND EXPAND CULTURAL OFFERINGS FROM WILLIAMSTOWN TO PROVINCETOWN.
IT WORKS.

2,300 dedicated citizens across the Commonwealth volunteer for Local Cultural Councils (LCCs), expanding access to the arts, humanities, and sciences in their community.

EACH YEAR LCC GRANTS SUPPORT MORE THAN 5,500 ACTIVITIES IN ALL 351 CITIES AND TOWNS.

2015

OUR CULTURAL ORGANIZATIONS OFFER OVER 40,000 PUBLIC EVENTS EACH YEAR.

THAT’S AN AVERAGE OF 120 EVENTS A DAY!

THREE OUT OF EVERY FOUR CITIZENS PARTICIPATE IN AT LEAST ONE CULTURAL EVENT EACH MONTH, HIGHER THAN THE NATIONAL AVERAGE.
EXPAND OPPORTUNITIES
for citizens to experience arts and culture in their community...

LCCs can only fund 49% of the requests they receive because of inadequate funding.

WITH ADEQUATE FUNDING, LCCs COULD SUPPORT 8,000 PROJECTS AND MEET 95% OF THE CURRENT COMMUNITY NEED.
IT WORKS.

BETTER ACADEMIC PERFORMANCE
and lower dropout rates result when students participate in the arts in school and afterschool.⁹

27,500 CHILDREN ARE ENGAGED IN CREATIVE YOUTH DEVELOPMENT BY MCC GRANTEES.

Field trips improve students’ knowledge, critical thinking skills, and ability to retain information... For many children in poor or rural communities, field trips may be the only chance they have to experience a science museum, live theatre or music in a concert hall.¹⁰

MCC’s Big Yellow School Bus and Local Cultural Councils funded 1,147 field trips that sent nearly 100,000 students on culturally enriching field trips.

At-risk students with access to the arts have better academic results, better workforce opportunities, and are more engaged in their community.¹¹

MCC’s YouthReach participants are 17% more likely to go to college than other low income students.¹²

YOUTHREACH CURRENTLY SUPPORTS 40 PROGRAMS THAT REACH 3,500 KIDS.
WORK IT...
MORE ARTS TO MORE KIDS
in schools and afterschool...

One in seven Massachusetts high schools offers no arts education for students. Teachers and principals are demanding arts and creative learning for their students: MCC has more than doubled funding for its STARS Residencies over three years, but demand continues to far exceed our resources.

WE COULD SERVE 40,000 CHILDREN ANNUALLY THROUGH CREATIVE YOUTH DEVELOPMENT EXPERIENCES IN SCHOOL & OUT OF SCHOOL WITH ADEQUATE FUNDING.

WITH RESTORED FUNDING, MCC COULD SERVE 150,000 STUDENTS BY FUNDING 1,605 FIELD TRIPS.

YOUTHREACH & SERHACER, OUR NEW YOUTH MUSIC PROGRAM, COULD SERVE 5,700 AT-RISK KIDS WITH ADDITIONAL FUNDING.
COMMUNITY OUTREACH
by our nonprofit cultural organizations provides 8.6 million free admissions each year. This represents more than 40% of the 21 million people who attend events at cultural organizations across the Commonwealth.¹⁴

$15 is the median admission price for these events—a price that covers just 28% of the cost to produce an arts event or performance.¹⁵

PARTICIPATION IN COMMUNITY-BASED CULTURAL PROGRAMS
BY PERSONS OLDER THAN 65 YEARS OLD REDUCES “RISK FACTORS THAT DRIVE THE NEED FOR LONG-TERM CARE.”¹⁶
MAKE MASSACHUSETTS
the most accessible place in America for arts and culture...

2030

By 2030, more than 70 MILLION Americans — twice the number in 2000 — will be 65 and older.¹⁷

At that time, older adults will comprise nearly one in five Americans. Additionally, nearly two of every ten Americans lives with a disability.¹⁸

MANY COMMUNITIES ARE UNPREPARED FOR THEIR QUICKLY AGING POPULATIONS, WITH "NOWHERE NEAR THE LEVEL OF PROGRESS THAT HAS TO BE MADE TO ENSURE THAT COMMUNITIES ARE LIVABLE FOR PEOPLE OF ALL AGES."¹⁹

48% of organizations surveyed would spend additional funding on:

- PROVIDING FREE OR REDUCED ADMISSION
- IMPROVING ACCESSIBILITY FOR PERSONS WITH DISABILITIES
- ADDING CLASSES, EXHIBITS, & PERFORMANCES FOR THE PUBLIC

MCC’s new UP Program will support the growth and development of organizations that recognize the power of inclusive design to grow audiences and enhance cultural experiences for all.

In the first 5 years of UP the MCC will engage 50 organizations to develop accessibility initiatives at their organizations.

Funding for UP would allow the MCC to make grants to fund the accessibility initiatives the organizations develop.
